Experiment 4-A

Gym Membership Enrollment Form Using Basic Fields

Aim

To design and build a "Gym Membership Enrollment Form" in Zoho Creator that uses all thirteen Basic Fields available in the Form Builder to collect and process new member enrollments for a fitness center.

Procedure

1. Prospective member opens the enrollment form link shared on the gym's website or Instagram page.
2. Member fills in personal, contact, membership, and scheduling details across the four sections.
3. On clicking Submit, Zoho Creator validates all mandatory fields and formats.
4. A new record is created in the Membership_Enrollment_Report.
5. An automated confirmation email with joining instructions is sent to the member's Email Address.
6. The front desk reviews the report, filters by Membership Plan and Preferred Start Date, and assigns a trainer based on the member's Preferred Activities.
