Experiment 4-B

Gym Membership Enrollment Form Using Advanced Fields

Aim

To extend the "Gym Membership Enrollment Form" in Zoho Creator with the Advanced Fields available in the Form Builder, adding trainer assignment, family enrollment, fee computation, media uploads, and an automatically generated membership ID and QR code for gate access.

Procedure

1. Member completes the existing basic-field sections (personal, contact, and membership/fitness preference details).
2. Front desk selects the Assigned Trainer using the Lookup field, which auto-fills the trainer's specialization from the master Trainers form.
3. For the Family Plan, family members are added as rows in the Family Members Enrolled SubForm.
4. Member uploads a photo and medical certificate, and optionally a fitness goal video and a health-concern voice note.
5. Member indicates whether a personal trainer is required; Membership Fee Paid, Referral Discount Percent, and the computed Total Amount Payable are recorded.
6. Member reviews the Gym Rules rich text block and provides a Digital Signature to confirm the health declaration and waiver.
7. On Submit, Zoho Creator generates the Membership ID, timestamps Enrollment Submitted On, and generates the Member Access QR Code.
8. The front desk reviews the report, verifies uploaded documents, confirms payment against Total Amount Payable, and uses the QR code for gate access.

Fields Used

Field Type	Field Name	Sample Value / Behaviour
Decision Box	Requires_Personal_Trainer	Yes / No
Rich Text	Gym_Rules_Display	Gym rules and liability waiver, filled in on load
URL	Fitness_Social_Profile_URL	https://instagram.com/vigneshfitness
Image	Member_Photo	Passport-size photo
Percent	Referral_Discount_Percent	10%
Currency	Membership_Fee_Paid	₹24,000.00 (INR)
Decimal	Current_BMI	24.6
Date-Time	Enrollment_Submitted_On	21-Oct-2026 09:05:00
SubForm	Family_Members_Enrolled	Priya Raja, 34, Spouse; Aravind Raja, 9, Son

Field Type	Field Name	Sample Value / Behaviour
Lookup	Assigned_Trainer_Lookup	Karthik M - Strength & Conditioning
Signature	Member_Digital_Signature	Drawn signature
File Upload	Medical_Certificate_Upload	medical_certificate.pdf
Audio	Health_Concern_Voice_Note	Optional voice note
Video	Fitness_Goal_Video_Intro	Optional video, up to 60 seconds
Auto Number	Membership_ID	1, 2, 3 … shown as GYM-MEM-2026-000001
Formula	Total_Amount_Payable	Membership_Fee_Paid − Membership_Fee_Paid × Referral_Discount_Percent / 100
QR/Barcode	Member_Access_QR_Code	QR image encoding GYM-MEM-2026-000001

Form Layout

- Section E, Fitness Assessment & Trainer Assignment: Assigned Trainer (Lookup), Member Photo, Medical Certificate Upload, Current BMI
- Section F, Family & Media Details: Family Members Enrolled (SubForm), Fitness Social Profile URL, Fitness Goal Video Intro, Health Concern Voice Note
- Section G, Fee & Trainer Preference: Requires Personal Trainer, Membership Fee Paid, Referral Discount Percent, Total Amount Payable
- Section H, Declaration & System-Generated Values: Gym Rules, Member Digital Signature, Enrollment Submitted On, Membership ID, Member Access QR Code

Validation & Configuration Rules

- Assigned Trainer Lookup is connected to the master Trainers form; staff search and select a trainer rather than typing free text, and the trainer's specialization is filled in automatically.
- Family Members Enrolled allows 0 to 5 rows, and only on the Family Plan.
- Referral Discount Percent is restricted to 0 to 20.
- Membership Fee Paid accepts non-negative values only, formatted in INR (₹). Choosing a plan fills in its fee.
- Total Amount Payable is a read-only formula, recalculated whenever Membership Fee Paid or Referral Discount Percent changes.
- Membership ID is an auto-incrementing number, shown with the prefix "GYM-MEM-", the current year and a 6-digit sequence (GYM-MEM-2026-000001).
- Member Access QR Code is generated from the Membership ID once the record is saved.
- Fitness Goal Video Intro is limited to 60 seconds.
- Member Digital Signature is mandatory; the form cannot be submitted without it.
- Enrollment Submitted On is captured automatically and is read-only.

Output Screenshots

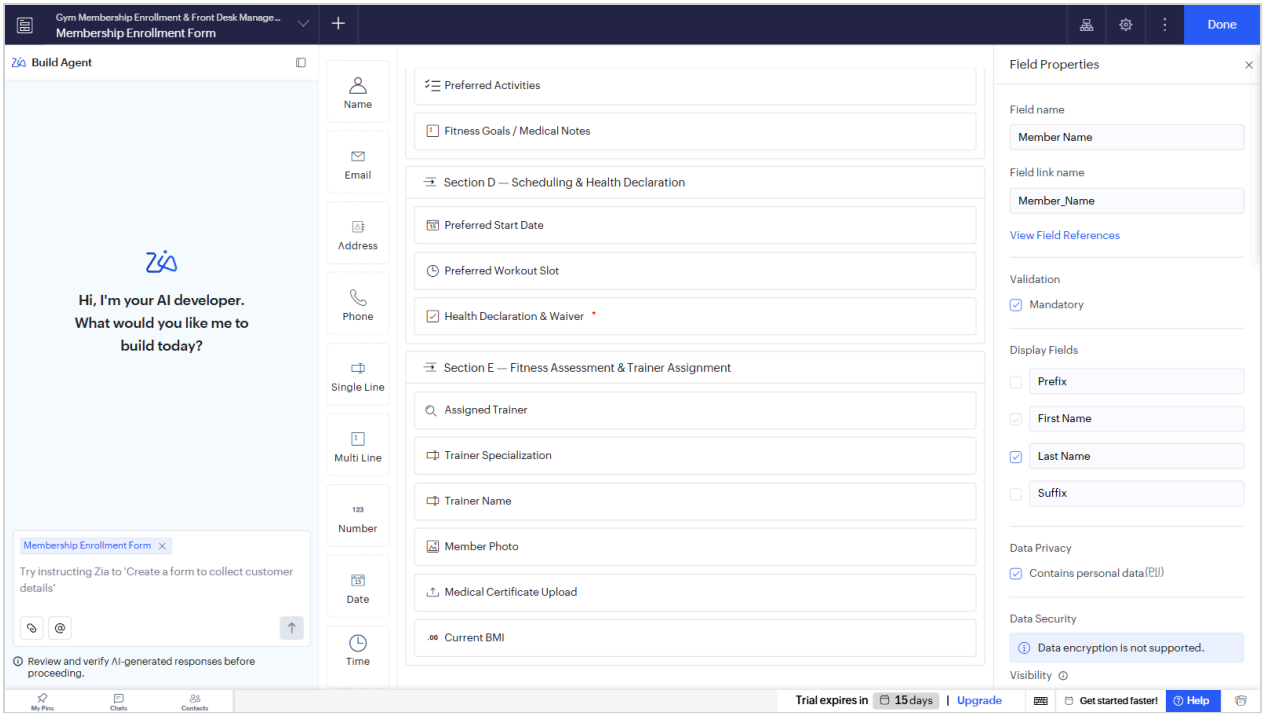

Figure 1: Form Builder: Section E (Fitness Assessment & Trainer Assignment) with the Lookup, Image, File Upload and Decimal fields.

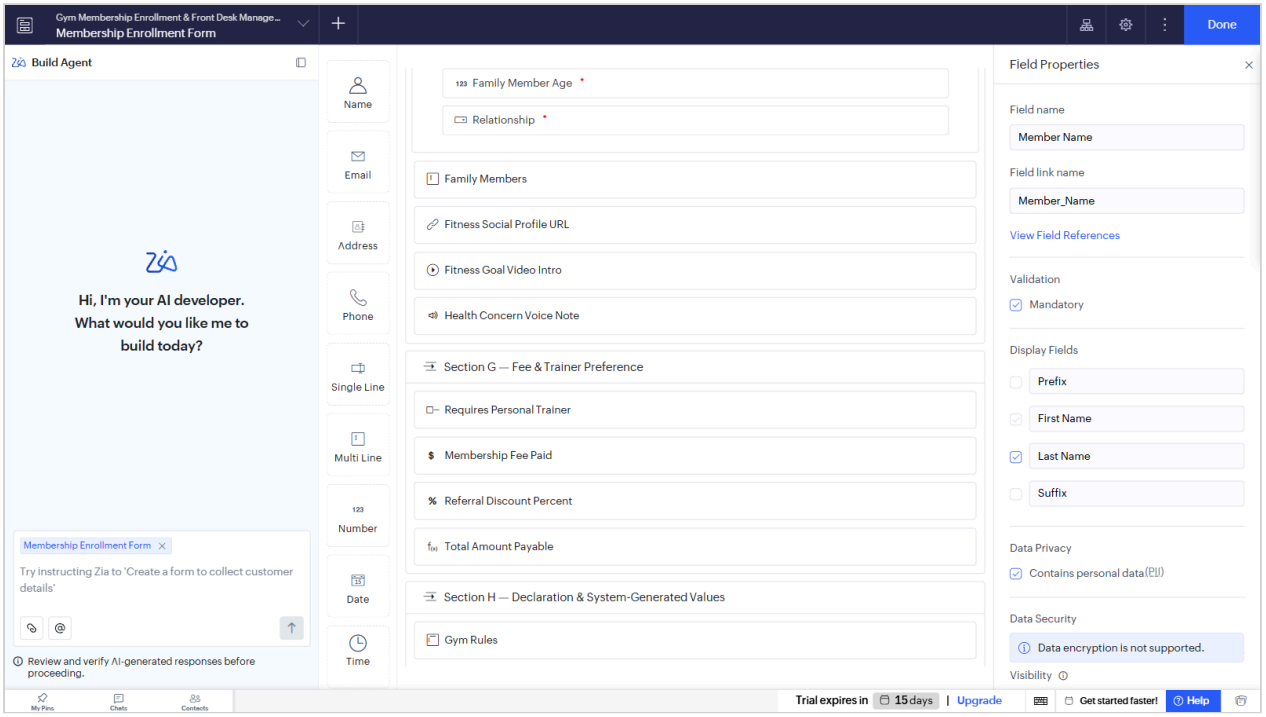

Figure 2: Form Builder: SubForm, URL, Video, Audio, Section G (Decision Box, Currency, Percent, Formula) and Section H (Rich Text).

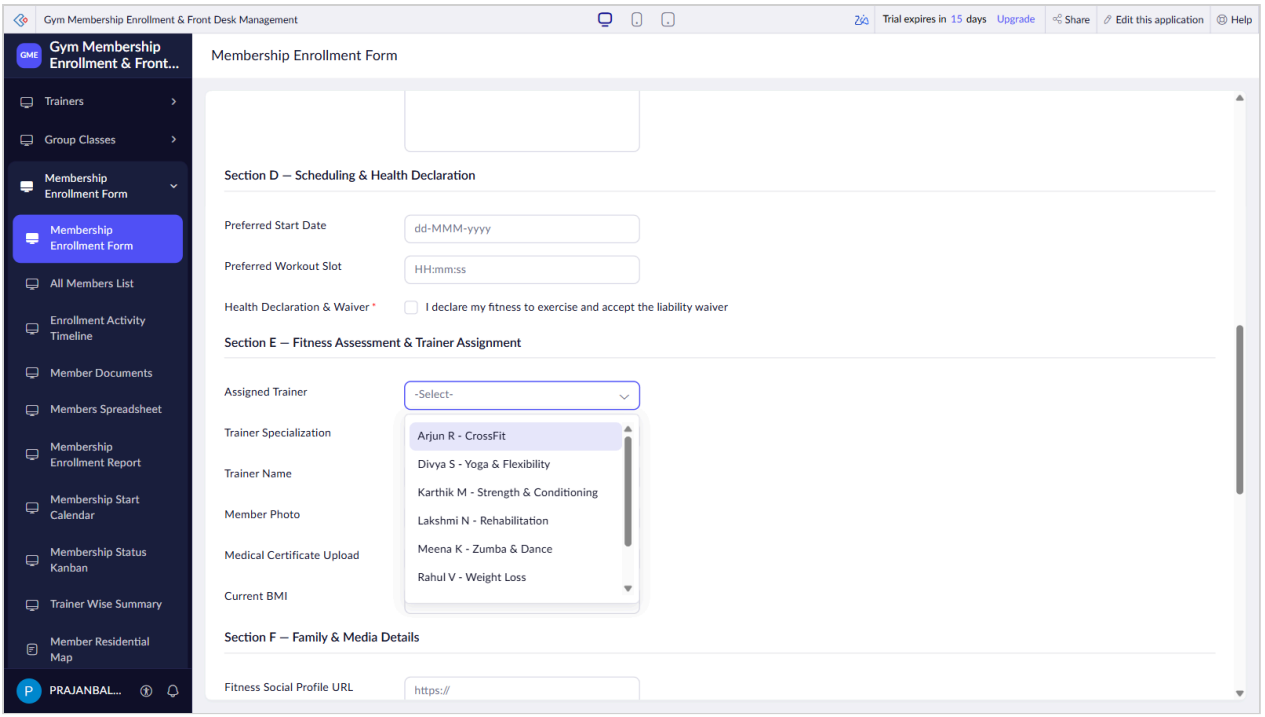

Figure 3: Live form: the Assigned Trainer Lookup listing trainers from the master Trainers form.

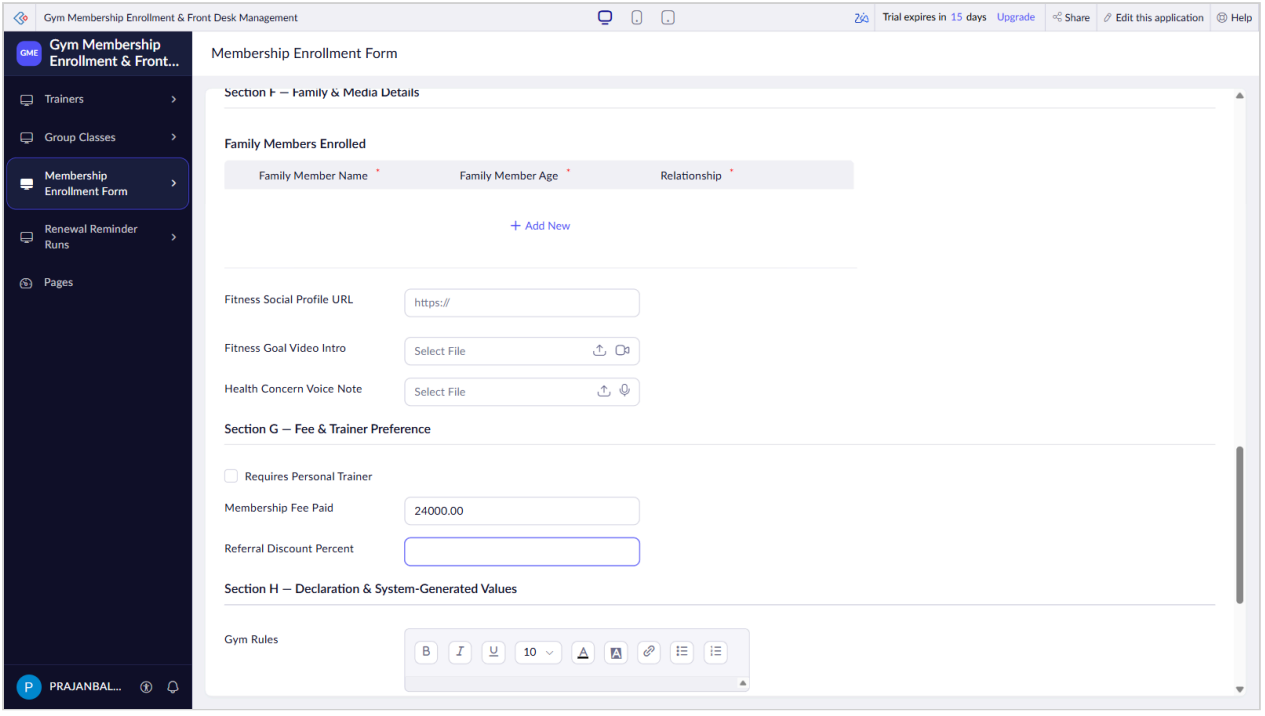

Figure 4: Live form: Family Members Enrolled SubForm, URL, Video and Audio fields, and the Family Plan fee filled in.

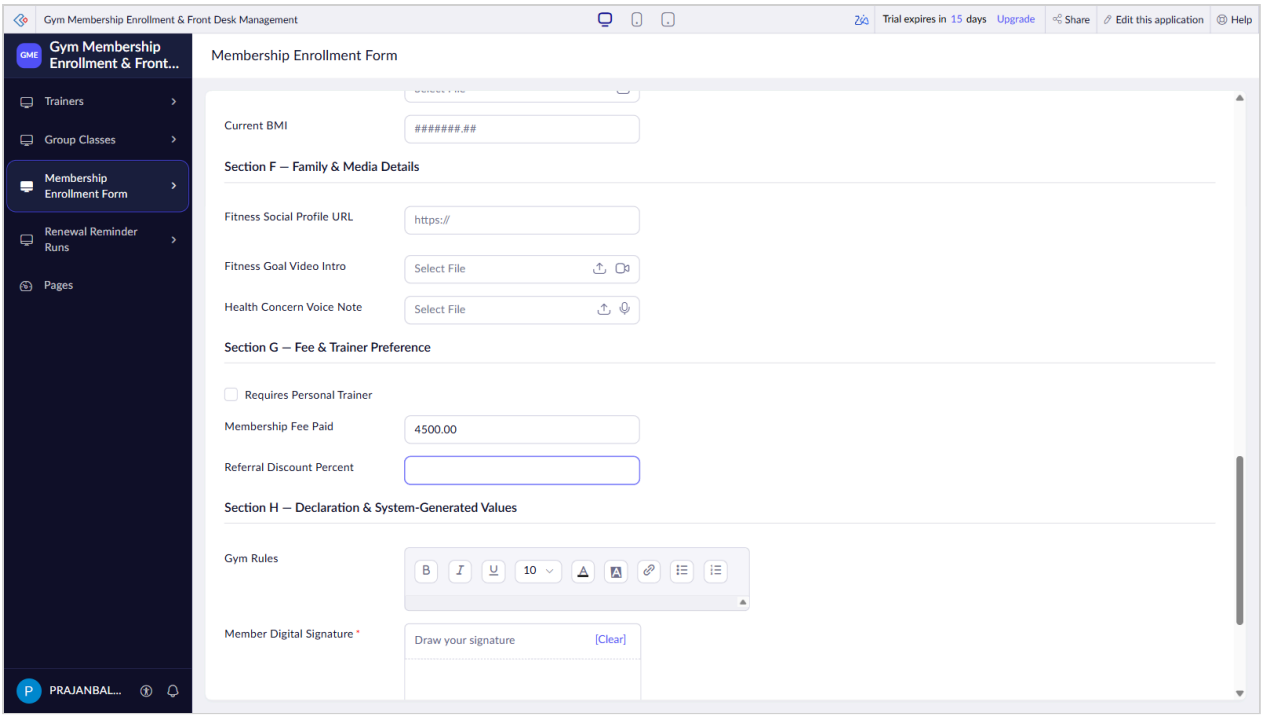

Figure 5: Live form: Fee & Trainer Preference, Gym Rules and the Member Digital Signature pad.

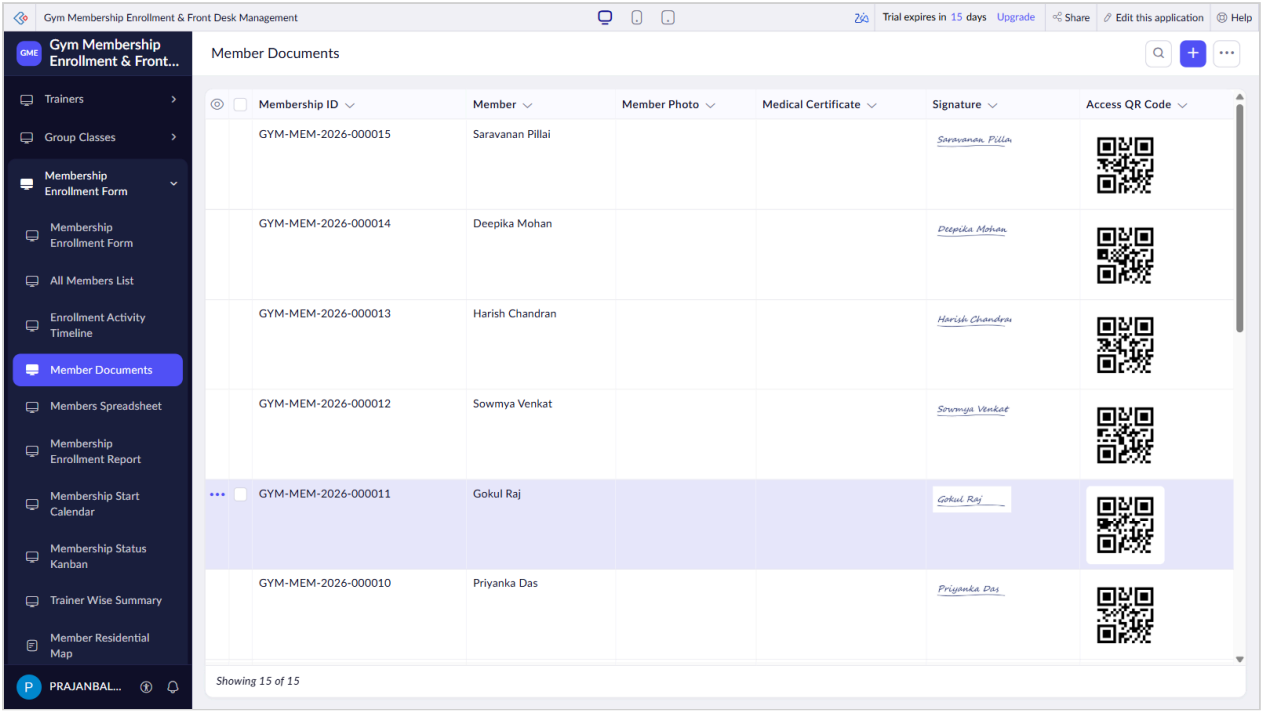

Figure 6: Member Documents report: auto-generated Membership IDs, drawn signatures and Member Access QR Codes.

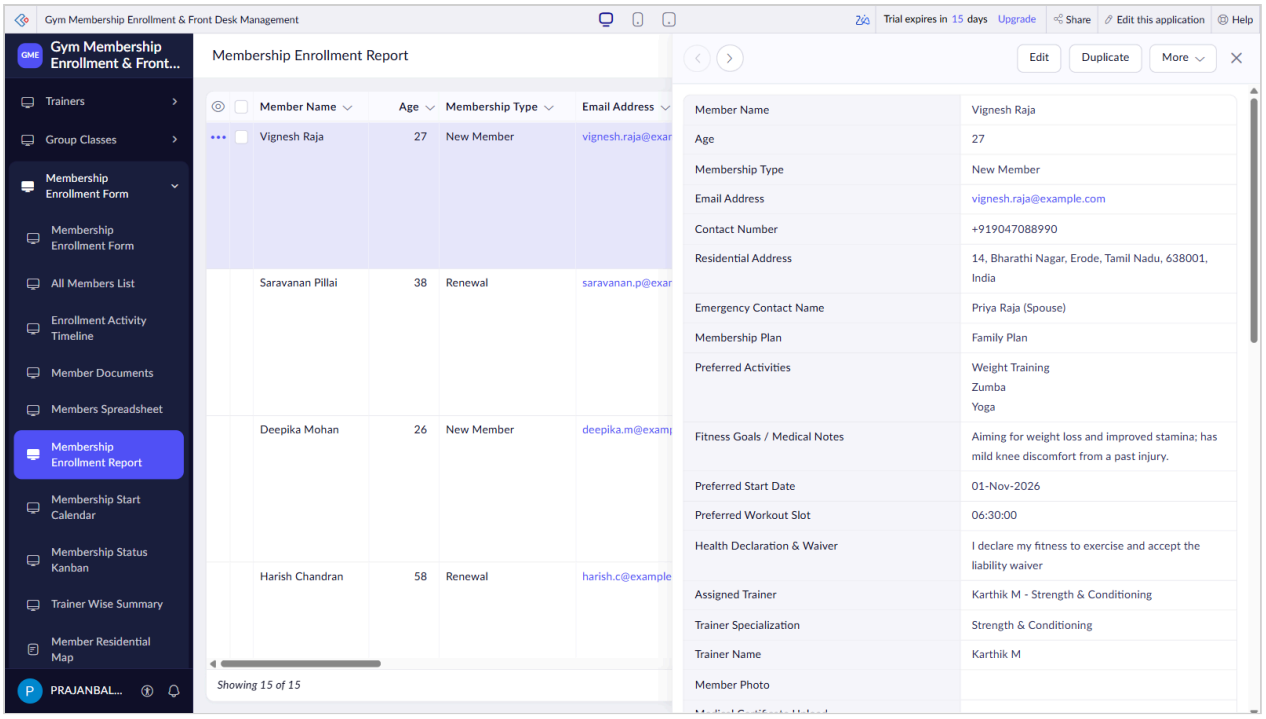

Figure 7: A submitted record (Vignesh Raja, Family Plan) with the trainer filled in from the Lookup.

Result

The Gym Membership Enrollment Form was successfully extended in Zoho Creator with all seventeen Advanced Fields, including the Lookup to the Trainers form, the family SubForm, the computed Total Amount Payable, and the auto-generated Membership ID and QR code.
