Experiment 5-A

Reports for the Gym Membership Enrollment Application

Aim

To design and build a suite of Reports in Zoho Creator for the existing "Gym Membership Enrollment Form" application, demonstrating the Report Types available in Zoho Creator so that the front desk, trainers, manager and owner each have a view suited to their needs.

Procedure

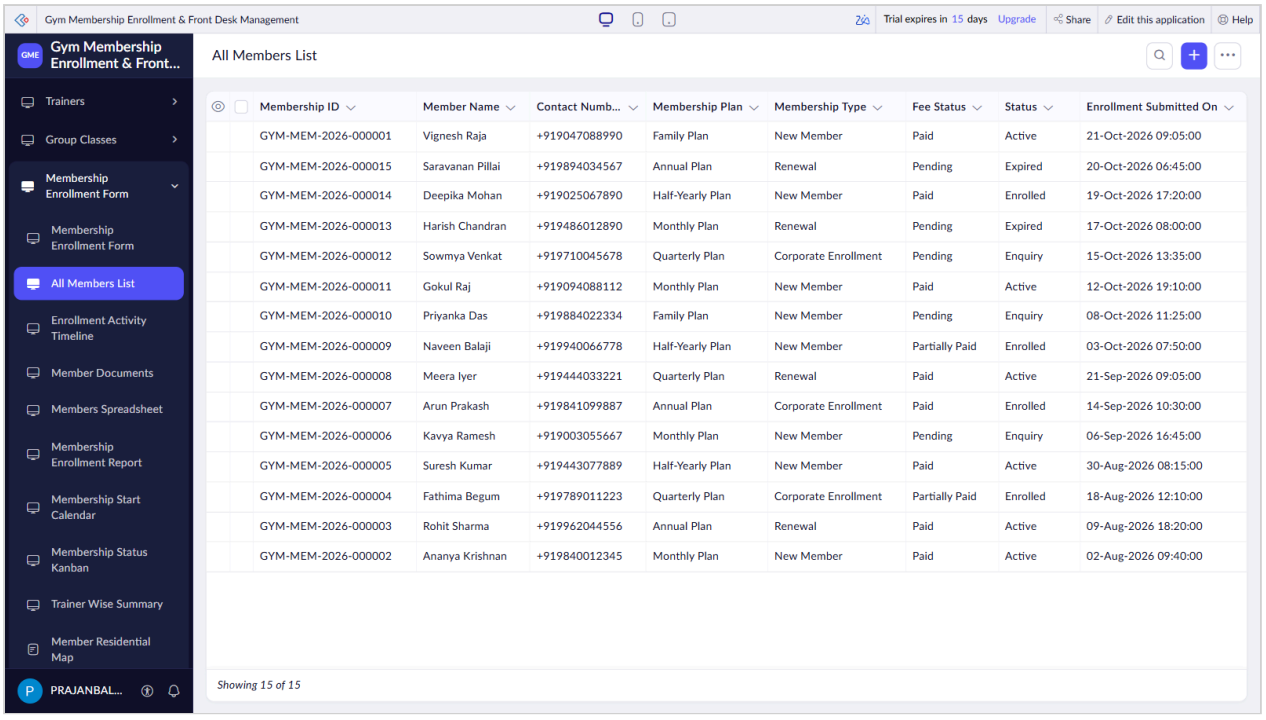

1. Prospective members submit enrollments through the Membership_Enrollment_Form.
2. The manager monitors incoming enrollments using All_Members_List and Enrollment_Activity_Timeline.
3. As fee payments and confirmations come in, staff track progress using Membership_Status_Kanban.
4. Trainers use Membership_Start_Calendar to plan induction sessions for members starting on a given day.
5. The manager uses Member_Residential_Map and Trainer_Wise_Summary to plan outreach and balance trainer workloads.
6. The owner reviews Plan_By_MembershipType_Pivot and Plan_Popularity_Chart to adjust plan pricing and promotions.
7. Daily, front-desk staff use Members_Spreadsheet to record attendance and fee status in bulk.

Reports Used

Report Type	Report Name	Purpose / Configuration
List View	All_Members_List	Member Name, Contact Number, Membership Plan, Membership Type, Fee Status; newest enrollment first
Spreadsheet View	Members_Spreadsheet	Inline editing of Attendance Today, Fee Paid Status and Renewal Due Date; ordered by Membership Plan
Kanban View	Membership_Status_Kanban	Cards grouped by Status (Enquiry / Enrolled / Active / Expired); dragging a card stamps Status Updated On
Calendar View	Membership_Start_Calendar	New members on their Preferred Start Date; opens on the current month
Map View	Member_Residential_Map	Members plotted by Residential Address
Timeline View	Enrollment_Activity_Timeline	Enrollments along a time axis by Enrollment Submitted On

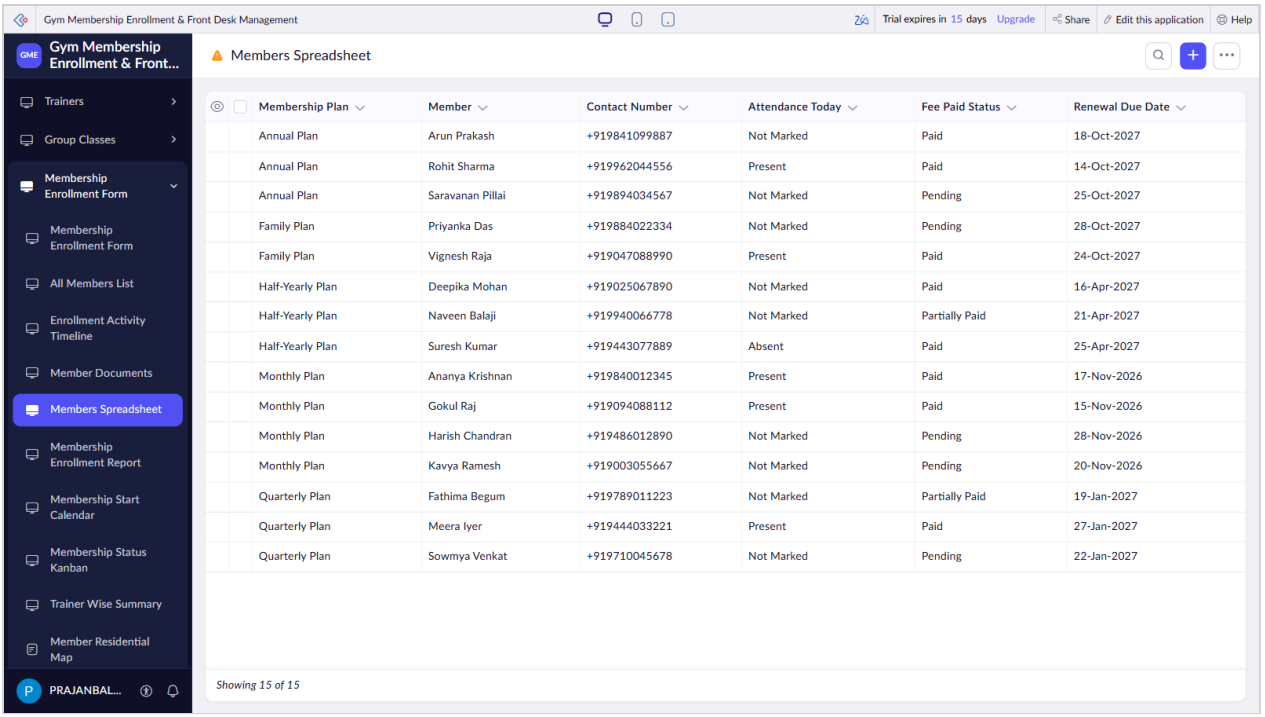

Report Type	Report Name	Purpose / Configuration
Pivot Table	Plan_By_MembershipType_Pivot	Membership Plan against Membership Type (not created, see below)
Chart View	Plan_Popularity_Chart	Members per Membership Plan as a bar chart (not created, see below)
Summary View	Trainer_Wise_Summary	Members grouped by trainer; members without a trainer appear under Unassigned

Missing Evidence

- Pivot Table (Plan_By_MembershipType_Pivot) and Chart View (Plan_Popularity_Chart) were not created: Zoho Creator's Pivot Table and Pivot Chart need the Zoho Analytics integration to be configured for the account ("Configure Zoho Analytics" prompt), which was not done.
- The Map View screenshot shows no member pins.

Result

A suite of Reports in Zoho Creator for the existing "Gym Membership Enrollment Form" is created, covering the List, Spreadsheet, Kanban, Calendar, Map, Timeline and Summary report types.
