Experiment 5-B

Command Center Page Using Page Builder Elements

Aim

To design and build a single internal "Command Center" Page in Zoho Creator for the existing "Gym Membership Enrollment" application, using the Page Builder elements (Panel, Board, Chart, Gauge, Search, Form, Report, Snippets, Button, Widgets, and Viewer) so that the front desk and management have one workspace to monitor, manage, and act on membership data.

Procedure

1. A staff member opens the Gym_Command_Center_Page and sees the Monthly Enrollment Target Gauge and the members-per-plan chart.
2. To find a specific member, they use the Member Search Bar rather than scrolling through the full report.
3. As enquiries convert to enrollments, staff drag member cards across the Membership Status Board.
4. For members with plans expiring soon, staff click the Send Renewal Reminder Button to email them.
5. For a walk-in prospect, staff use the Quick Walk-in Enrollment Form directly from the command center.
6. For deeper analysis or export, the manager scrolls to the Full Membership Report.
7. When a member asks about gym rules or a trainer's availability, staff refer to the Gym Rules Snippet, the Trainer Availability widgets, and the Member Document Viewer.

Page Elements Used

Element	Element Name	On the page
Panel	Command_Center_Main_Panel	Header panel with live counts of Enquiries, Enrolled, Active and Fees Pending
Board	Membership_Status_Board	Membership_Status_Kanban embedded: Enquiry, Enrolled, Active, Expired
Chart	Plan_Popularity_Chart_Widget	Column chart of members per Membership Plan
Gauge	Monthly_Enrollment_Target_Gauge	This month's enrollments against a target of 30
Search	Member_Search_Bar	Searches Member Name, Contact Number and Membership ID
Form	Quick_Walkin_Enrollment_Form	Membership_Enrollment_Form embedded on the page

Element	Element Name	On the page
Report	Full_Membership_Report	Membership_Enrollment_Report embedded on the page
Snippets	Gym_Rules_Waiver_Snippet	Gym rules and liability waiver text in the sidebar
Button	Send_Renewal_Reminder_Button	Opens Renewal Reminder Runs; submitting it emails members whose plan ends within 7 days
Widgets	Trainer_Availability_And_Class_Widgets	Trainer availability counts, the Trainer Availability board and the group class timetable
Viewer	Member_Document_Viewer	Member Documents report: photo, medical certificate, signature and QR code

Page Layout

- Section 1, Overview Strip: Command Center Main Panel, Monthly Enrollment Target Gauge, Plan Popularity Chart, Member Search Bar
- Section 2, Processing Workspace: Send Renewal Reminder Button, Membership Status Board
- Section 3, Detailed Data: Full Membership Report
- Section 4, Reference & Quick Actions (Sidebar): Gym Rules Waiver Snippet, Member Document Viewer, Quick Walk-in Enrollment Form
- Section 5, Branding Strip: Trainer Availability and Class Widgets

Output Screenshots

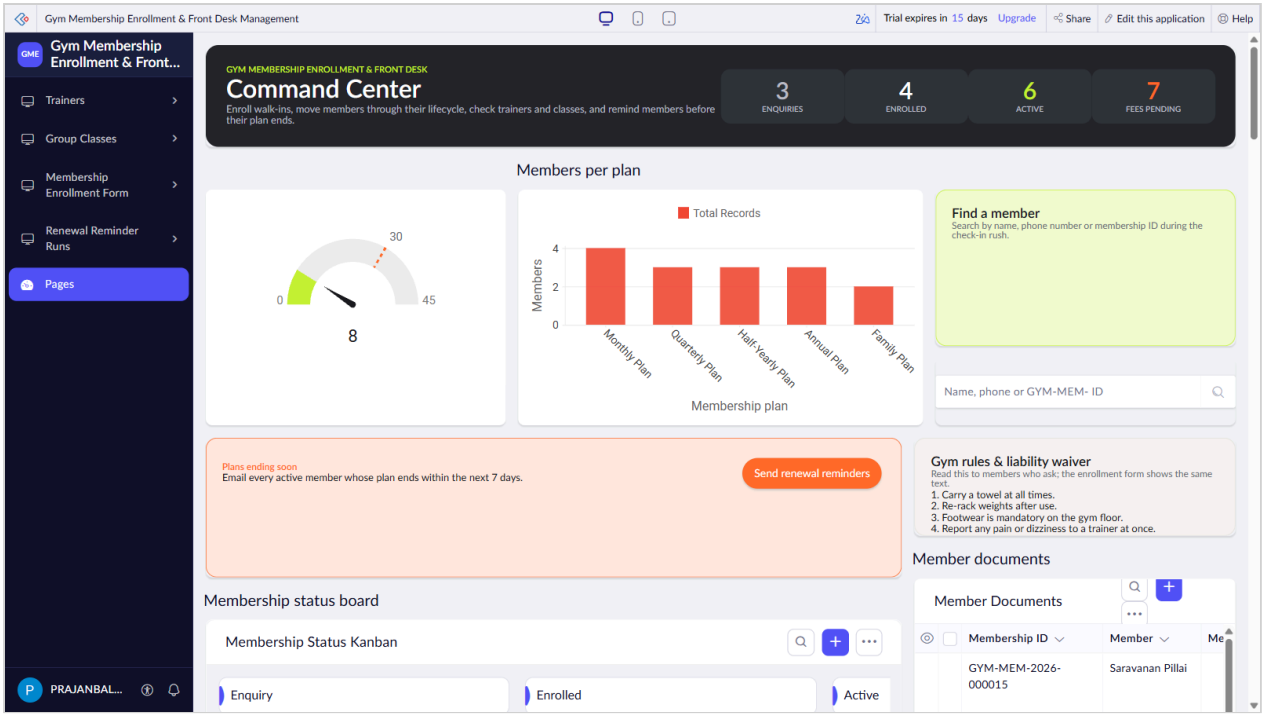

Figure 1: Live page: main panel with live counts, Monthly Enrollment Target Gauge (8 of 30), members-per-plan chart and the Member Search Bar.

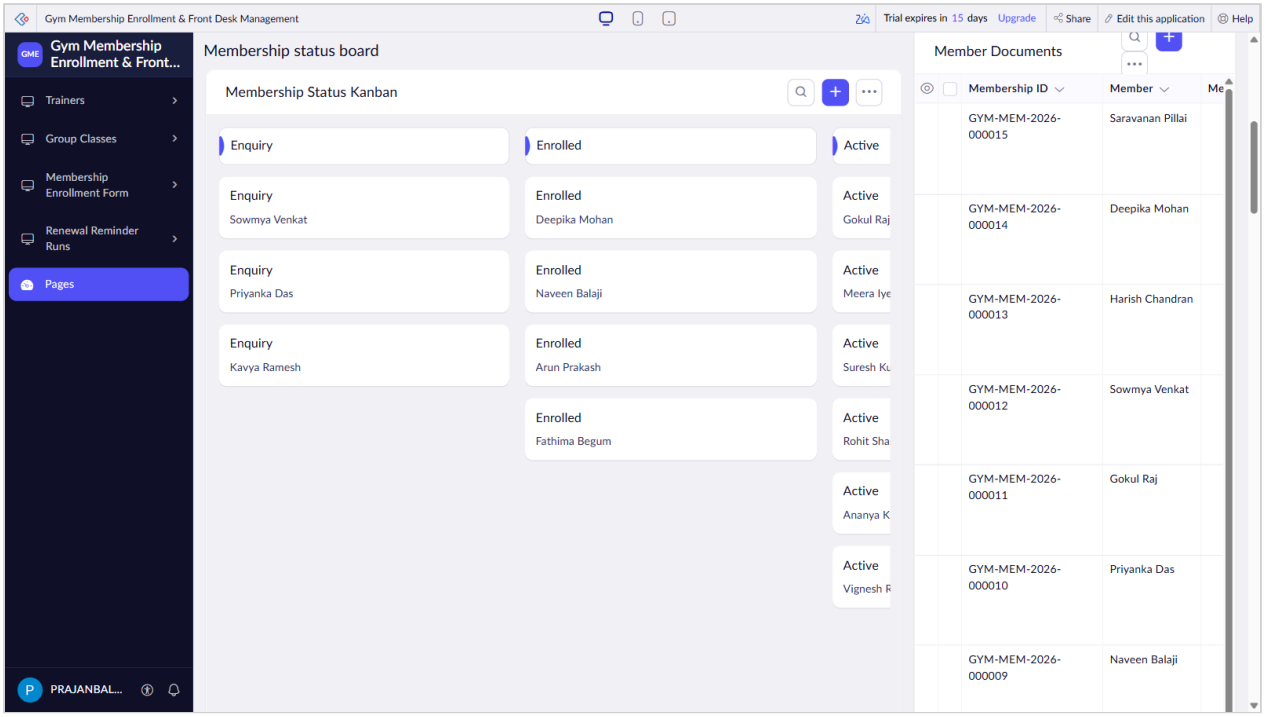

Figure 2: Live page: Membership Status Board and the Member Document Viewer.

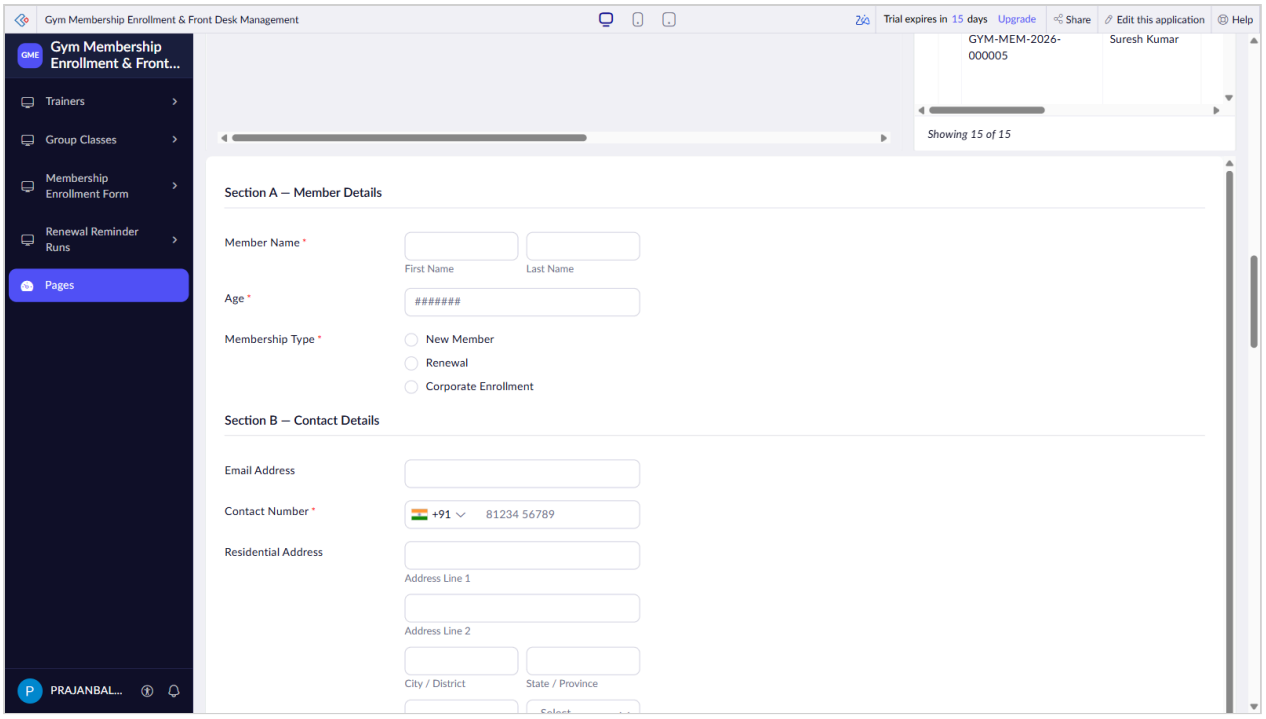

Figure 3: Live page: Quick Walk-in Enrollment Form embedded below the board.

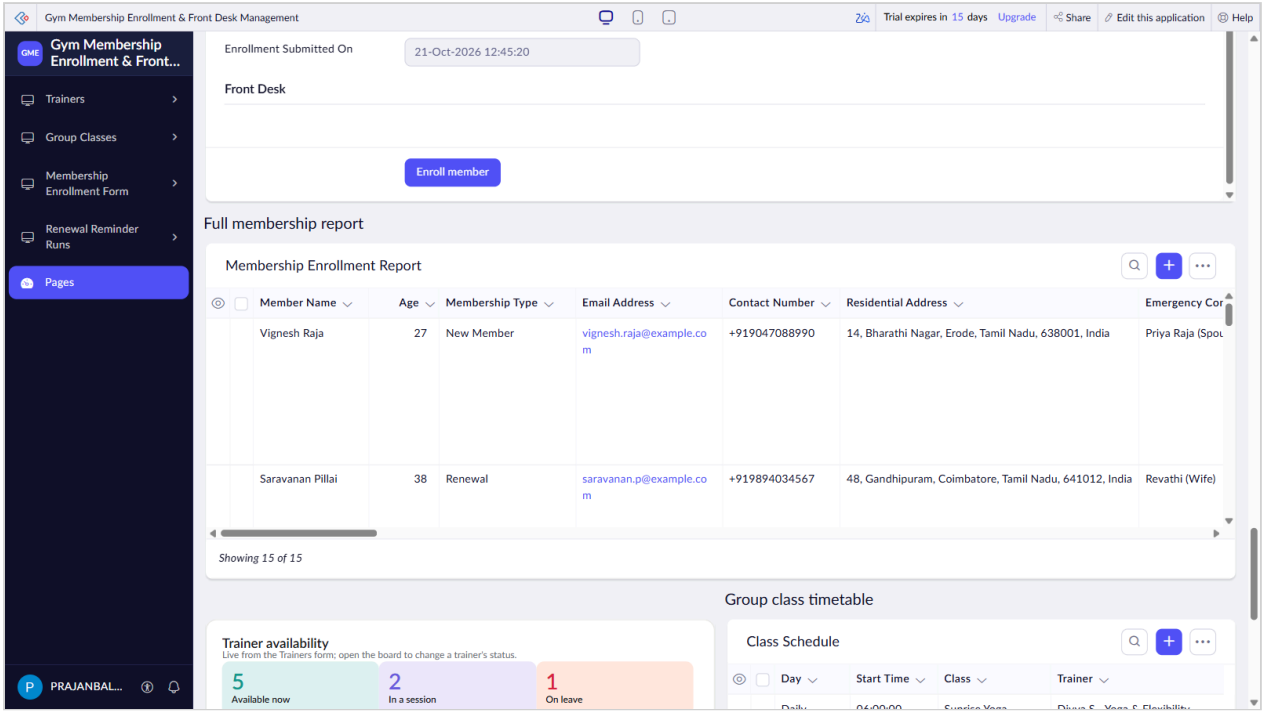

Figure 4: Live page: Full Membership Report, followed by the widgets strip.

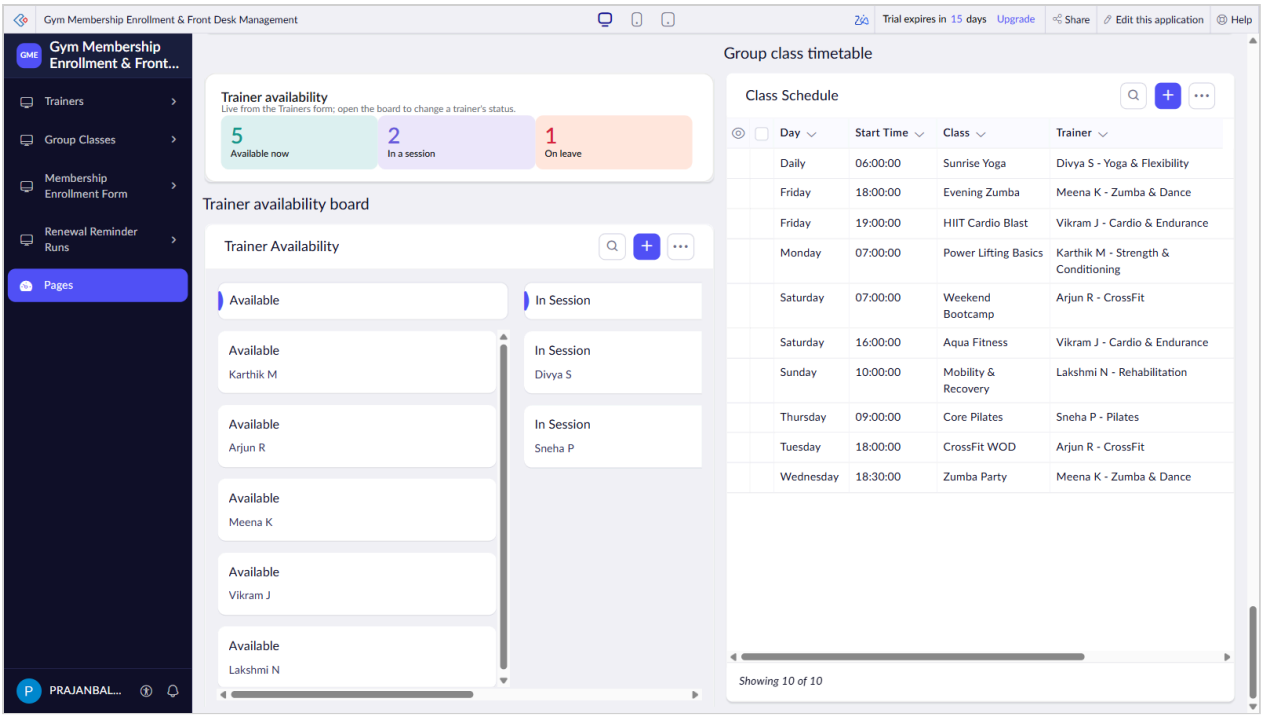

Figure 5: Live page: Trainer Availability widgets, the Trainer Availability board and the Group Class timetable.

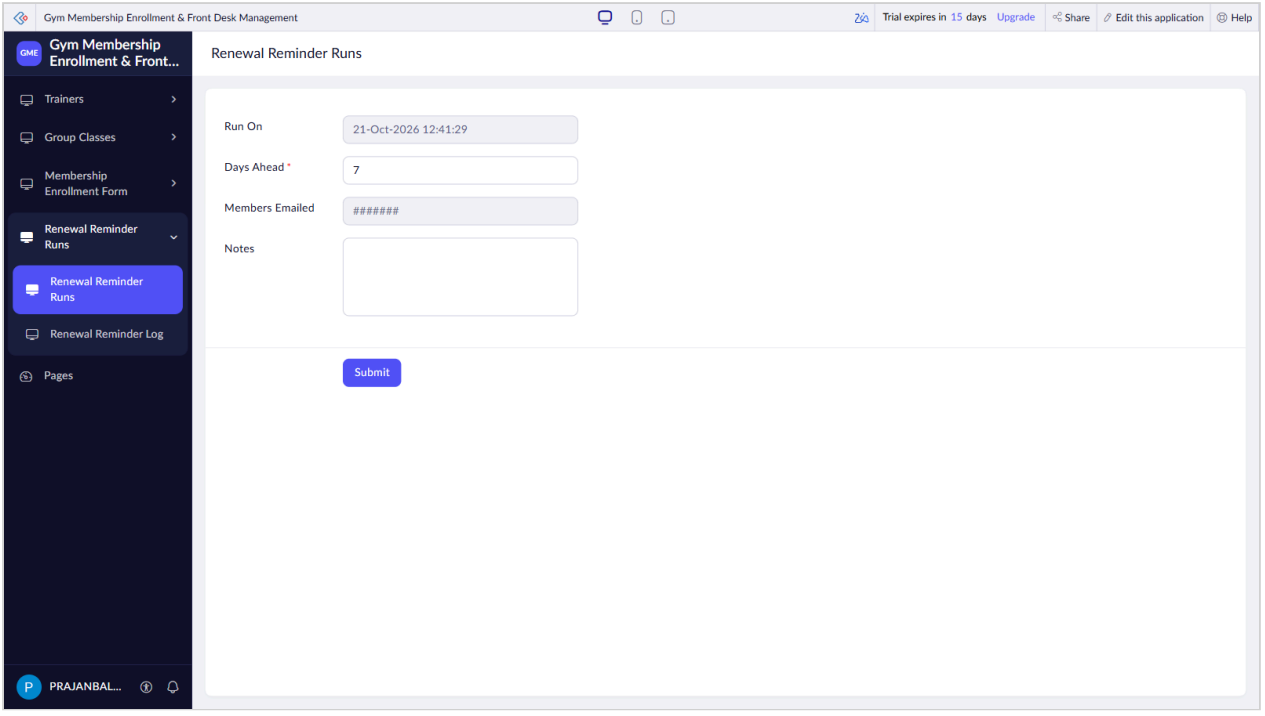

Figure 6: Renewal Reminder Runs form opened by the Send Renewal Reminders button.

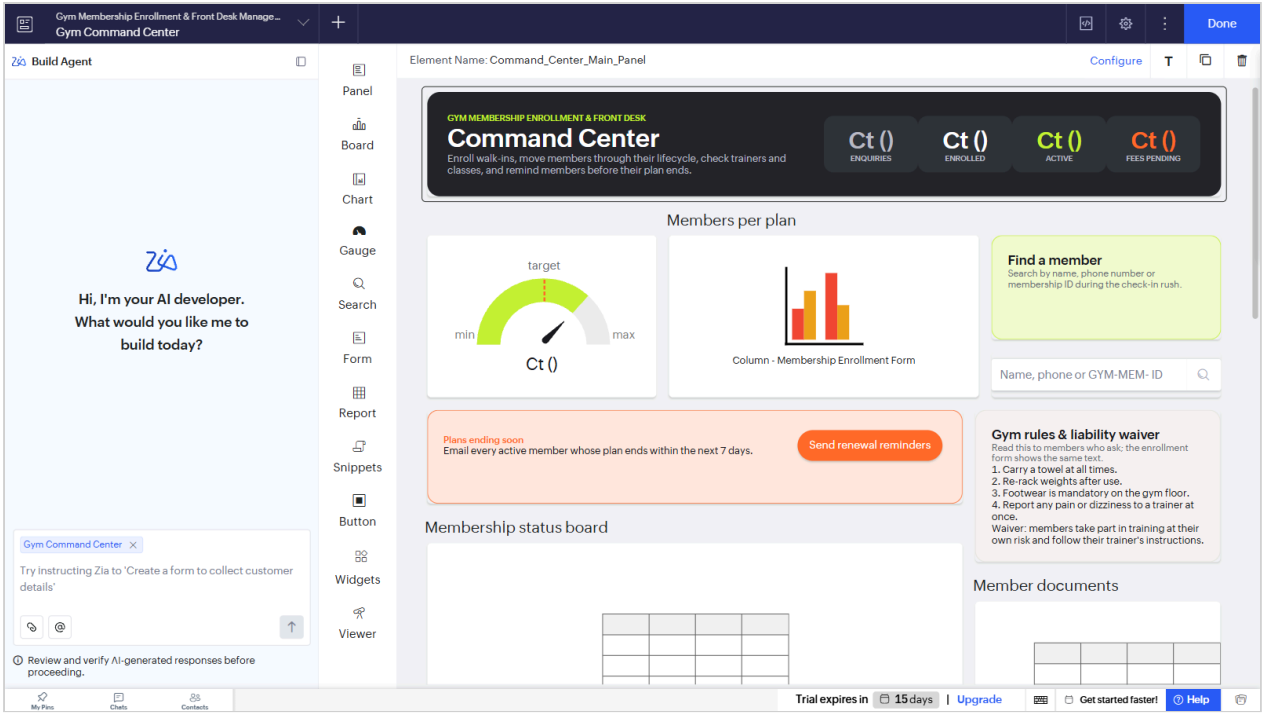

Figure 7: Page Builder: the Gym Command Center page with the element palette (Panel, Board, Chart, Gauge, Search, Form, Report, Snippets, Button, Widgets, Viewer).

Notes

- The Snippets, Widgets and Viewer roles are built from the page's panel and embedded-report elements: the rules text panel, the trainer availability panel with its board and the class timetable, and the Member Documents report.

Result

A single internal "Command Center" Page in Zoho Creator for the existing "Gym Membership Enrollment" application is created.
